Sustained Clinical Team Performance Through COVID 19

Louise Cuskelly, Client Management Lead, Cognitive Institute, has very kindly invited AAQHC members, to attend the Cognitive Institute's free webinar [Sustained Clinical Team Performance Through COVID 19](#) on **Wednesday 20 and Thursday 21 May 2020**. The webinar has been specifically designed by experts to support clinicians and healthcare professionals leading teams.

Please find attached an invitation and a press release providing further information about the free two-part webinar series focussing on sustaining mental and physical wellbeing during COVID-19 and beyond.

Aged Care Visitor Access Code

An [Industry Code for Visiting Residential Aged Care Homes during COVID-19](#) has been released by aged care peak bodies and consumer advocacy organisations.

The Code creates a nationally consistent approach that ensures residents can receive visitors while minimising the risk of spreading COVID-19. The Code was finalised after public consultation with consumers and aged care providers.

The Code includes the respective rights and responsibilities of providers, residents and visitors. It also outlines that residential aged care services should allow residents to meet their visitors in a way that minimises the risk of COVID-19 being introduced or spread within a residential facility.
